Dear Colleagues:

We would like to remind you of our upcoming CE Night in November. We look forward to seeing you at our CCDSBC event.

CE #2 (3 CE Credits)

November 12, 2025 (Wednesday)

Topic: “MODERN OBTURATION AND ENDO-RESTORATIVE CONCEPTS”

This lecture is sponsored by Clinical Research Dental. Win door prize at the event!

Speaker: Mr. Brian Bevan

VENUE: Arbutus Club, 2001 Nanton Ave, Vancouver, BC

Time: 6:00 p.m. (Registration) → 6:30 p.m. (Dinner) → 7:30 p.m. (Lecture)

Fee: Free (Member) \$194 (Non-Member) *

Course Description: The success or failure of endodontically treated teeth often depends on the quality of the restoration and anatomically driven endodontic treatment. This innovative means of completing the root canal using bioceramic material is easier, faster, safer, and more predictable than traditional methods. Following the root canal, learn the necessary adjunctive aids to treat the canal properly and the technique to minimize air bubbles and achieve maximum bond strength.

Learning Objective:

- ✓ Discuss bioceramic sealer based obturation techniques for more conservatively shaped canals
- ✓ Advantages of a simple sealer based obturation technique (AKA Single cone), and irrigation methods to facilitate this technique
- ✓ Bioceramic sealers, are they here to stay?
- ✓ Video demo of how to do a same appointment post preparation in a canal obturated with bioceramic sealer
- ✓ Review of a predictable step by step technique for placing a fiber post in the canal for maximum success and retention
- ✓ The “bottom up” approach to preparing the post space and delivering the luting material
- ✓ Using the right “tools” and materials to achieve a predictable step by step post placement protocol

Benefits Of Attending:

- Learn Fiber Post Systems and the proper technique for etching, bonding, and cementing fibre posts
- Learn the properties of bioceramic root canal sealers, and the proper technique for obturating using a single cone

The Speaker: Brian Bevan. Brian has been an endodontic product and continuing education consultant for over thirty years. He has organized many continuing education events and has been involved in introducing several well known endodontic products to the Canadian market. He speaks to General Dentists and Endodontists on a daily basis about everyday challenges of root canal therapy and the latest technology. He currently is the Endodontic Product Manager for Clinical Research Dental.

3 CE Credits

I would like to attend this lecture as a: () Member () *Non-Member (Please email ccdsbc.ca@gmail.com for registration info) *

I am a: () New Graduate () Post Graduate () Dentist () Hygienist () CDA () Other

Please register ONLY by e-mail at ccdsbc.ca@gmail.com by Nov 6, 2025 (Please do not register by phone)

Your registration will be confirmed by fax or email within 10 days of submission. Attendees without valid confirmation will be assessed an additional on-site registration fee of \$20.
